

## Part 1 – Overview

<b>Assessment No.</b>	COSHH 015	<b>Assessment Date</b>	October 2023	<b>Review Period</b>	12 Months
<b>Assessor Name</b>	Alan Sharman	<b>Position</b>	Health & Safety Advisor - SKA		
<b>Product Name</b>	Difenacoum Whole Wheat	<b>Manufacturer Details</b>	1Env International		
<b>Location of Use</b>	Where required	<b>Description of activity or work process that the product is used</b>	Biocidal bait (rats & mice).		

## Part 2 – Evaluation

<b>Persons at Risk</b>	Employees	✓	Contractors	✓	Visitors	✓	Public	✓	Other	✓
<b>Route of Exposure</b>	Inhalation	✓	Ingestion	✓	Skin Contact	✓	Eye Contact	✓	Injection	

### Hazard Symbols

								
Explosive	Flammable	Oxidising	Corrosive	Acute toxicity	Hazardous to the environment	Health hazard	Serious health hazard	Gas under pressure
<b>Hazard Statements</b>					<b>Precautionary Statements</b>			
EUH208 Contains 1, 2- Benzisothiazolin-3-one. May produce an allergic reaction, H360D May damage the unborn child, H373 May cause damage to organs (Blood) through prolonged or repeated exposure.					P201 Obtain special instructions before use, P202 Do not handle until all safety precautions have been read and understood, P260 Do not breathe dust, P280 Wear protective gloves, P308+P313 If exposed or concerned, seek medical advice, P314 Get medical advice/ attention if you feel unwell, P405 Store locked up, P501 Dispose of contents/ container in accordance with national regulations.			

## Part 3 – Control Measures

<b>First Aid Measures</b>	
<b>Inhalation</b>	Unlikely to present an inhalation hazard unless excessive dust is present. Move to fresh air. Obtain medical advice immediately. Move affected person to fresh air and keep warm and at rest in a position comfortable for breathing. Loosen tight clothing such as collar, tie or belt. Get medical attention if symptoms are severe or persist.

## COSHH Assessment

<b>Ingestion</b>	<b>NEVER INDUCE VOMITING.</b> Rinse mouth and seek medical advice.	
<b>Skin Contact</b>	May cause irritation to susceptible persons. Immediately take off all contaminated clothing. Wash immediately with plenty of soap and water and seek medical advice.	
<b>Eye Contact</b>	May cause eye irritation to susceptible persons. Rinse immediately with plenty of water and seek medical advice. Rinse cautiously with water for several minutes. Get medical attention if irritation persists after washing.	
<b>Injection</b>	Nil	
<b>General</b>	<p><b>General information:</b> In case of accident, or if you feel unwell, seek medical advice (show the label where possible).</p> <p><b>Advice for Medical Doctors:</b> Difenacoum is an indirect anti-coagulant. Phytomenadione, Vitamin K, is antidotal. Determine prothrombin time not less than 18 hours after consumption. If elevated, administer Vitamin K1 until prothrombin time normalises. Continue determination of prothrombin time for two weeks after withdrawal of antidote and resume treatment if elevation occurs in that time.</p> <p><b>First aiders:</b> First aid personnel should wear appropriate protective equipment during any rescue.</p>	
<b>Fire Precautions</b>	<p><b>Suitable extinguishing agents:</b> Keep fire exposed containers cool by spraying with water. Appropriate fire extinguishers are CO2, Powder or Alcohol resistant foam. Use extinguishing media appropriate to the surrounding conditions. Do not use water jet as an extinguisher, as this will spread the fire.</p> <p><b>Special hazards arising from the substance or mixture:</b> Formation of toxic gases may occur if heated.</p> <p><b>Protective equipment:</b> Avoid breathing fire gases or vapours. Evacuate area. Cool containers exposed to heat with water spray and remove them from the fire area if it can be done without risk. Cool containers exposed to flames with water until well after the fire is out.</p> <p>Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing. Firefighter's clothing conforming to European standard EN469 (including helmets, protective boots and gloves) will provide a basic level of protection for chemical incidents.</p>	<p><b>Spillage (accidental release)</b></p>
		<p><b>Environmental precautions:</b> Avoid discharge into drains or watercourses or onto the ground.</p> <p><b>Methods and material for containment and cleaning up:</b> Wear protective clothing as described in Section 8 of this safety data sheet. Clear up spills immediately and dispose of waste safely. Collect spillage with a shovel and broom, or similar and reuse, if possible. Collect and place in suitable waste disposal containers and seal securely. Flush contaminated area with plenty of water. Wash thoroughly after dealing with a spillage.</p>

# COSHH Assessment

<b>Handling</b>	Read and follow manufacturer's recommendations. Wear protective clothing as described in Section 8 of this safety data sheet. Keep away from food, drink and animal feeding stuffs. Keep container tightly sealed when not in use. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Wash promptly if skin becomes contaminated. Take off contaminated clothing. Wash contaminated clothing before reuse.		<b>Storage</b>	Keep out of the reach of children. Keep away from food, drink and animal feeding stuffs. Keep only in the original container. Keep container tightly closed, in a cool, well-ventilated place. Keep containers upright. Protect containers from damage.							
<b>Workplace Exposure Limits (WEL)</b>											
<b>Ingredient</b>			<b>8-hour (long term exposure limit)</b>		<b>15-minute (short term exposure limit)</b>						
Whole Wheat Grain (grain dust)			- ppm	10 mg/m <sup>3</sup>	- ppm 30 mg/m <sup>3</sup>						
Propane-1,2-diol (particulates)			- ppm	10 mg/m <sup>3</sup>	- ppm - mg/m <sup>3</sup>						
Propane-1,2-diol (total vapour & particulates)			150ppm	474 mg/m <sup>3</sup>	- ppm - mg/m <sup>3</sup>						
<b>Active Ingredients (if not identified with a WEL)</b>											
Difenacoum											
<b>Personal Protective Equipment</b>											
											
Glasses	Goggles	Face Shield	Dust Mask As required by task	Half Mask RPE As required by task	Full Face RPE	Air Fed RPE / SCBA	Gloves EN374	Boots As required by task	Apron As required by task	Coveralls As required by task	Lab / Chefs Coat
<b>Other:</b>	Keep away from foodstuffs, beverages and feed. Wash hands before breaks and at the end of work.										
<b>Physical State of Product:</b>		Solid (grain)									

# COSHH Assessment

<b>Disposal</b>	Dispose of in accordance with national and local regulations. Empty containers can be sent to landfill after cleaning if in compliance with local and national regulations.	<b>Transport</b>	Do not transport in open containers. Do not transport off premise.
<b>Local Exhaust Ventilation</b>	Only use in well ventilated areas.	<b>Monitoring Requirements</b>	Nil
<b>Training Requirements</b>	Only properly trained and authorised personnel shall handle the substance. Communicate all relevant COSHH assessments, risk assessments and method statements	<b>Additional Controls</b>	Handle in accordance with good hygiene and safety practice. Wearing of closed work clothing is recommended. Avoid contact with the skin, eyes and clothing. Store work clothing separately.

## Part 4 - Completion
